IRANICA JOURNAL OF ENERGY & ENVIRONMENT

Volume 9 Number (1), 2018

- | | | |
|---|---|-------|
| 1 | Performance the solar contribution in hybrid parabolic trough power plants on solar extraction system in Algeria condition | 1-9 |
| | <i>Boumedjirek Mohammed, Merabet Abderrezak and Michel Feidt (Algeria and France)</i> | |
| 2 | Simulation of Energy Conservation in a Building: A Case Study | 10-15 |
| | <i>Shaheen Hasan, J. A. Usmani and Mohd. Islam (India)</i> | |
| 3 | Effect of Stall Delay Models on Momentum Distribution of Wind Turbine's Blade under Yaw Condition: Compared to Mexico Experiment | 16-23 |
| | <i>Khanjari A., E. Mahmoodi, A. Sarreshtehdari and M. kordi (Iran)</i> | |
| 4 | Enhancement of the Rooftop Photovoltaic Array Characteristic Interconnected by the Grid under Partial Shading Condition by Using Cascaded DC/DC Converter | 24-30 |
| | <i>Ahmed M. Mahmoud, Salah M. Saafan, Ahmed M. Attalla and Hamdy Elgohary (Egypt)</i> | |
| 5 | Photocatalytic degradation of sulfamethoxazole in visible irradiation using nanosizedNiTiO3 perovskite | 31-40 |
| | <i>Seema Jain and Uttra Chandrawat (India)</i> | |
| 6 | Applicability of Tempkin Equilibrium and Elovich Kinetics for Chemisorption of Brown HE-2G on <i>Calendula officinalis</i> | 41-47 |
| | <i>M.K. Raman and G. Muthuraman (India)</i> | |

- 7 Screening for Resistant and Tolerable Plants (*Ludwigia octovalvis* and *Phragmites karka*)
in Crude Oil Sludge for Phytoremediation of Hydrocarbons 48-51
SajaRadhi Nayyef Alanbary, Siti Rozaimah Sheikh Abdullah, HassimiAbu Hassan and Ahmad Razi Othman (Malaysia)
- 8 Polychlorinated Biphenyl (PCB) Contamination in Water and Sediment Samples in Upper
River Ogun, Lagos State, Nigeria 52-63
Ajagbe E. Folashade, Saliu J. Kayode, Ayoola S. Oluwatoyin and Menkiti N. David (Nigeria)
9. Application of Multivariate Statistics for the Identification of Possible Sources of Metal
Elements in Soil of Waste Disposal Site in Khulna 64-70
Sanjida Khair M. and I. M. Rafizul (Bangladesh)
- 10 Introducing an Axial Hydro-Kinetic Turbine for Optimum Power Extraction Using Tidal
Dams 71-77
Zahedi Nejad A. and P. Zahedi Nejad (Iran)
